

How do I download my Digital Subscription Issues?

Logging into the Website and downloading with your browser

First go to www.mineralogicalrecord.com. Click on “LOGIN” at the very top of the site’s bright blue bar. If this says “MY ACCOUNT” you are already logged-in.

If you click on “LOGIN” you should be directed to the screen pictured below. Enter the email address that you registered with or purchased your Digital Subscription with, then your password. If you have forgotten your password, click “Lost your password?” and a link for a new password will be sent to you.

Only subscribers who have recently registered for an on-line account and have purchased or renewed with “Automatic Renewal” can view their subscription on this “My Account” page. **Please note that the password reset will not work unless you have already registered an on-line account.** No past subscription history is viewable here. You will be able to create viewable subscription history going forward only by signing up for Automatic Renewal. If you have not signed up for automatic renewal and are curious about your subscription status or if you’re having trouble registering an account or logging into your account, please contact tom.gressman@minrec.org or gemgypsy@bellsouth.net or call the office at: 520-529-7281, Phoenix, AZ time zone. For more information on Automatic Renewal and/or how to create an on-line (website) account, click [HERE](#).

We try to balance resolution with download time. The files are fairly large and depending on your internet speed, may take a couple minutes to download. Whether you have to go to your download files (generally C:\users\your name\downloads and click to open up the PDF or if you have your browser set to open your PDF immediately, your screen should look something like this:

Please be aware that all browsers work a little bit differently. For more information, please see the following articles: (Click on to go to link)
