

## Service Medal

This brass medal, found by Dave Johnson, was awarded by Great Britain's National Coal Board for five years continuous service in the Mines Rescue Service. The back is engraved:

E. JOHNSON BENNWELL R.S.  
1950

## UMWA Mug

Occupational coffee mugs and shaving mugs are the target of collectors just like we collect mine lamps. This particular white procelain United Mine Workers coffee mug has a gold ring around the top and bottom. The flowers are red, purple and orange, and the logo and writing below it are green (Dave Johnson).
